### ABOUT THE VENUE

#### PRIVATE EVENTS AT BALL & CHAIN

Ball & Chain is the perfect Miami event venue for private events for guests wanting an authentic Little Havana experience. The moment you walk through our doors, you feel the 80 years of our history emanating from our walls. From the wood beamed ceilings, to the hand-painted Cuban tile floors, you are transported to a period when men donned their best hats and women dressed to the nines to sip mojitos and listen to the world's best music.

Our catering menus include delicious paellas, cooked on site, and authentic Latin stations. Our bar menus have been designed by Miami's best mixologists, and truly highlight local ingredients.

In house, we offer many additional elements that can enhance your event. From salsa dancers, to custom made domino tables, our team will help you put together a spectacular experience for your group.

#### OLD MIAMI CHARM

The building hosting the Ball & Chain was completed in the early 1930s, a time when construction in most areas of Depression-era America was at a standstill. But Miami fared better than many other cities because of its appeal as a tourist center and as an emerging commercial aviation capital. Ball & Chain Saloon opened in 1935. The business remained there through the end of the 1950s. It's history was sketchy until the reopening as Ball & Chain until the early 2000s. Once again food, drinks, and the liveliest entertainment, under the storied history of a long ago moniker, are on offer to guests from near and afar in a neighborhood now experiencing gentrification and a tourist boom unlike anything that has come before. Ball & Chain is again one of the premiere bar and lounge Miami Florida has on offer.
