

BHSF CME Outcomes Reports October 2021 – January 2022

Structural Heart and Imaging Symposium: Structural Advances in Mitral and Tricuspid Transcatheter Therapy from the Eyes of an Imager

October 26, 2021

Pre-survey participants: 310

Post-survey participants: 143

Outcomes Measurement Change Analysis

Self-Assessment Questions

How confident are you in your ability to:

	Pre	Post	% Change	
Recognize disease pathology of mitral and tricuspid valve disease?	3.6	4.5	25%	▲
Apply interventional treatment of transcatheter therapies?	2.8	3.9	39%	▲
Overall	3.2	4.2	31%	▲

BRRH Gastroenterology Symposium

November 13, 2021

Pre-survey participants: 245

Post-survey participants: 152

Outcomes Measurement Change Analysis

Self-Assessment Questions

How confident are you in your ability to:

	Pre	Post	% Change	
Identify at-risk populations and effectively implement treatment strategies to manage gastrointestinal conditions.	3.5	4.5	29%	▲
Overall	3.5	4.5	29%	▲

Miami Brain Symposium

December 3, 2021

Pre-survey participants: 379

Post-survey participants: 151

Outcomes Measurement Change Analysis

Self-Assessment Questions

How confident are you in your ability to:

	Pre	Post	% Change	
Properly diagnose and manage primary and metastatic brain tumors?	2.9	4.0	38%	▲
Apply targeted agents, immunotherapy and novel technologies to treat gliomas?	2.5	3.8	52%	▲
Overall	2.7	3.9	44%	▲

Miami Cardiac & Vascular Institute's Cardiology Update for Primary Care Symposium

December 11, 2021

Pre-survey participants: 236

Post-survey participants: 103

Outcomes Measurement Change Analysis

Self-Assessment Questions

How confident are you in your ability to:

	Pre	Post	% Change	
Screen patients presenting with common cardiovascular disease symptoms?	3.6	4.4	22%	▲
Perform initial diagnostic evaluation for common cardiovascular symptoms?	3.6	4.4	22%	▲
Determine when a patient requires further evaluation from a subspecialty clinical program?	3.7	4.5	22%	▲
Overall	3.6	4.4	22%	▲

Baptist Health Spine Symposium

January 15, 2022

Pre-survey participants: 375

Post-survey participants: 184

Outcomes Measurement Change Analysis

Self-Assessment Questions

How confident are you in your ability to:

	Pre	Post	% Change	
Recognize the red flags in order to improve evaluation and medical management for patients with spine complaints.	3.5	4.5	29%	▲
Apply the most appropriate clinical options to improve neurological outcomes in the treatment of spinal pathology.	3.3	4.3	30%	▲
Overall	3.4	4.4	29%	▲

PRE and POST Self-Assessment Questions:

Score Key

5=High level of competence

4=Moderately high level of competence

3=Average level of competence

2=Low level of competence

1=No level of competence
