

CONFERENCE APPLICATIONS AND REPORTS

Outcomes Measurement Reports

May 13, 2022

Lecture Date	Lecture Title
2/9/2022	Echocardiography and Noninvasive Vascular Testing Lecture Series: Diagnosing Thoracic Outlet Syndrome: Current Approaches and Future Directions
2/22/2022	Mental Health Conference Series: Enhancing Communication with Pediatric Patients and Families in the Hospital Setting
2/24/2022	MCVI Grand Rounds: Aortic Stenosis and Treatment with TAVR/SAVR
3/2/2022	MCVI Grand Rounds: Obstructive Sleep Apnea: An Affair of the Heart?
3/8/2022	MCVI Vascular and Endovascular Lecture Series: Screening for the Silent Killer: Ruptured Abdominal Aortic Aneurysms (AAA) — Prevention, Evaluation and Treatment
3/9/2022	Echocardiography and Noninvasive Vascular Testing Lecture Series: Echocardiography in Profiling the Athlete's Heart
3/10/2022	Baptist Health Medical Group Conference: Urology Trends - Update on Management of Overactive Bladder and Urge Urinary Incontinence
3/16/2022	Echocardiography and Noninvasive Vascular Testing Lecture Series: Noninvasive Imaging and Classification of Severity of Carotid Bifurcation Atherosclerosis
3/25/2022	Boca Raton Regional Hospital Internal Medicine Symposium
3/31/2022	Mental Health Conference Series — Update on Psychopharmacology: A Contrarian (or Skeptical) View?
4/8/2022	Miami Cancer Institute Summit of the Americas on Immunotherapies for Hematologic Malignancies, Third Annual
4/13/2022	Echocardiography and Noninvasive Vascular Testing Lecture Series: Multimodality Cardiovascular Imaging of Patients with Hypertrophic Cardiomyopathy
4/14/2022	MCVI Grand Rounds: The ABCs of Primary and Secondary Prevention of Cardiovascular Disease
4/22/2022	2022 Caring For Kids With Cancer Symposium

**Echocardiography and Noninvasive Vascular Testing Lecture
Series: Diagnosing Thoracic Outlet Syndrome: Current Approaches
and Future Directions**

February 9, 2022

Pre-survey participants: 43

Post-survey participants: 70

**Outcomes Measurement Change Analysis
Self-Assessment Questions**

How confident are you in your ability to:

	Pre	Post	% Change	
<ul style="list-style-type: none">Apply appropriate patient selection when testing for thoracic outlet syndrome.	2.9	4.6	59%	▲
<ul style="list-style-type: none">Apply appropriate treatment modalities for diagnosing and managing thoracic outlet syndrome.	2.8	4.5	60%	▲
Overall	2.9	4.6	59%	▲

**Mental Health Conference Series: Enhancing Communication with
Pediatric Patients and Families in the Hospital Setting**

February 22, 2022

Pre-survey participants: 49

Post-survey participants: 28

**Outcomes Measurement Change Analysis
Self-Assessment Questions**

How confident are you in your ability to:

	Pre	Post	% Change	
<ul style="list-style-type: none">Effectively communication with pediatric patients and their families in a number of common settings and situations?	3.8	4.6	21%	▲
Overall	3.8	4.6	21%	▲

**MCVI Grand Rounds: MCVI Grand Rounds: Aortic Stenosis and
Treatment with TAVR/SAVR**

February 24, 2022

Pre-survey participants: 106

Post-survey participants: 61

Outcomes Measurement Change Analysis

Self-Assessment Questions

How confident are you in your ability to:

	Pre	Post	% Change	
<ul style="list-style-type: none">Optimize the timing of valve intervention in the management of aortic stenosis?	3.5	4.4	26%	▲
<ul style="list-style-type: none">Determine optimal treatment modalities in the management of aortic stenosis?	3.5	4.4	26%	▲
Overall	3.5	4.4	26%	▲

MCVI Grand Rounds: Obstructive Sleep Apnea: An Affair of the Heart?

March 2, 2022

Pre-survey participants: 103

Post-survey participants: 64

Outcomes Measurement Change Analysis

Self-Assessment Questions

How confident are you in your ability to:

	Pre	Post	% Change	
<ul style="list-style-type: none">Identify the candidate intermediate pathways that mediate obstructive sleep apnea with cardiovascular disease?	3.3	4.5	36%	▲
<ul style="list-style-type: none">Implement the recent AHA clinical practice guidelines for the diagnosis and treatment of obstructive sleep apnea?	3.1	4.5	45%	▲
Overall	3.2	4.5	41%	▲

MCVI Vascular and Endovascular Lecture Series: Screening for the Silent Killer: Ruptured Abdominal Aortic Aneurysms (AAA) — Prevention, Evaluation and Treatment

March 8, 2022

Pre-survey participants: 64

Post-survey participants: 34

Outcomes Measurement Change Analysis

Self-Assessment Questions

How confident are you in your ability to:

	Pre	Post	% Change	
<ul style="list-style-type: none">Determine the best treatment strategy for patient with ruptured AAA to minimize subsequent aneurysm-related death or morbidity?	3.10	4.10	32%	▲
Overall	3.10	4.10	32%	▲

**Echocardiography and Noninvasive Vascular Testing Lecture
Series: Echocardiography in Profiling the Athlete's Heart**

March 9, 2022

Pre-survey participants: 62

Post-survey participants: 34

**Outcomes Measurement Change Analysis
Self-Assessment Questions**

How confident are you in your ability to:

	Pre	Post	% Change	
<ul style="list-style-type: none">Differentiate between athlete's heart and other cardiac diseases?	3.3	4.4	33%	▲
<ul style="list-style-type: none">Utilize advanced ultrasound and echocardiography in the diagnoses of athlete's heart?	3.2	4.4	38%	▲
Overall	3.3	4.4	33%	▲

**Baptist Health Medical Group Conference: Urology Trends -
Update on Management of Overactive Bladder and Urge Urinary
Incontinence**

March 10, 2022

Pre-survey participants: 34

Post-survey participants: 25

**Outcomes Measurement Change Analysis
Self-Assessment Questions**

How confident are you in your ability to:

	Pre	Post	% Change	
<ul style="list-style-type: none">Determine which patients would benefit from anticholinergic class of medicines for overactive bladder and urge urinary incontinence?	2.9	4.5	55%	▲
Overall	2.9	4.5	55%	▲

**Echocardiography and Noninvasive Vascular Testing Lecture
Series: Noninvasive Imaging and Classification of Severity of
Carotid Bifurcation Atherosclerosis**

March 16, 2022

Pre-survey participants: 45

Post-survey participants: 78

**Outcomes Measurement Change Analysis
Self-Assessment Questions**

How confident are you in your ability to:

	Pre	Post	% Change	
<ul style="list-style-type: none"> Identify multiple factors beyond degree of stenosis and symptom status to mitigate clinical decision-making. 	3.3	4.4	33%	▲
<ul style="list-style-type: none"> Differentiate between duplex ultrasonography and other imaging modalities in the management of carotid bifurcation 	3.3	4.4	33%	▲
Overall	3.3	4.4	33%	▲

**Boca Raton Regional Hospital Internal Medicine Symposium
March 25- 27, 2022**

Pre-survey participants: 301

Post-survey participants: 180

**Outcomes Measurement Change Analysis
Self-Assessment Questions**

How confident are you in your ability to:

	Pre	Post	% Change	
Identify at-risk populations and effectively apply evidence-based screening, intervention, and treatment as a comprehensive approach to treating and managing individual patients with:				
<ul style="list-style-type: none"> Bronchiectasis 	3.1	4.3	39%	▲
<ul style="list-style-type: none"> Atrial Fibrillation 	3.4	4.5	32%	▲
<ul style="list-style-type: none"> Diabetes 	3.2	4.5	41%	▲
<ul style="list-style-type: none"> Rheumatoid Arthritis 	3.6	4.3	19%	▲
<ul style="list-style-type: none"> C. Difficile 	3.4	4.5	32%	▲
<ul style="list-style-type: none"> Diverticulitis 	3.5	4.5	29%	▲
<ul style="list-style-type: none"> Kidney Disease 	3.3	4.5	36%	▲
<ul style="list-style-type: none"> Myelodysplastic Syndrome 	2.8	4.0	43%	▲
<ul style="list-style-type: none"> New Headache 	3.3	4.3	30%	▲
Overall	3.3	4.4	33%	▲

**Mental Health Conference Series — Update on
Psychopharmacology: A Contrarian (or Skeptical) View?**

March 31, 2022

Pre-survey participants: 50

Post-survey participants: 35

Outcomes Measurement Change Analysis

Self-Assessment Questions

How confident are you in your ability to:

	Pre	Post	% Change	
• Identify the newer psycho-pharmaco-therapeutic agents by name?	2.9	3.9	34%	▲
• Implement an optimal psychopharmacology prescribing strategy?	2.7	3.6	33%	▲
Overall	2.8	3.8	36%	▲

Miami Cancer Institute Summit of the Americas on Immunotherapies for Hematologic Malignancies, Third Annual

April 8-9, 2022

Pre-survey participants: 95

Post-survey participants: 41

Outcomes Measurement Change Analysis

Self-Assessment Questions

How confident are you in your ability to:

	Pre	Post	% Change	
• Implement therapeutic strategies when treating hematologic malignancies.	3.4	4.6	35%	▲
• Assessing your ability to review the role and timing of hematopoietic cell transplantation and potential combinations of immunotherapeutic treatment options.	3.3	4.8	45%	▲
Overall	3.4	4.7	38%	▲

Echocardiography and Noninvasive Vascular Testing Lecture Series: Multimodality Cardiovascular Imaging of Patients with Hypertrophic Cardiomyopathy

April 13, 2022

Pre-survey participants: 52

Post-survey participants: 82

Outcomes Measurement Change Analysis

Self-Assessment Questions

How confident are you in your ability to:

	Pre	Post	% Change	
<ul style="list-style-type: none"> Apply proper patient selection for testing hypertrophic cardiomyopathy. 	3.6	4.5	25%	▲
<ul style="list-style-type: none"> Apply proper multimodality imaging approaches in the assessment of hypertrophic cardiomyopathy. 	3.6	4.5	25%	▲
Overall	3.6	4.5	25%	▲

MCVI Grand Rounds: The ABCs of Primary and Secondary Prevention of Cardiovascular Disease

April 14, 2022

Pre-survey participants: 93

Post-survey participants: 54

Outcomes Measurement Change Analysis

Self-Assessment Questions

How confident are you in your ability to:

	Pre	Post	% Change	
<ul style="list-style-type: none"> Implement a systematic approach to cardiovascular disease prevention, utilizing the most relevant and up-to-date guidelines and recommendations. 	3.7	4.5	22%	▲
Overall	3.7	4.5	22%	▲

Kids With Cancer Symposium

April 22, 2022

Pre-survey participants: 129

Post-survey participants: 93

Outcomes Measurement Change Analysis

Self-Assessment Questions

How confident are you in your ability to:

	Pre	Post	% Change	
<ul style="list-style-type: none"> Ability to implement genomic profiling for pediatric cancer treatment? 	2.5	4.1	64%	▲
<ul style="list-style-type: none"> Ability to implement gene therapy to treat blood disorders? 	2.4	4.1	71%	▲
Overall	2.4	4.1	71%	▲

PRE and POST Self-Assessment Questions:

Score Key

5=High level of competence

4=Moderately high level of competence

3=Average level of competence

2=Low level of competence

1=No level of competence
